

Hi! I'm Ely,
Full Stack Developer.
I like breaking out my limits
and learning something new
every day.

I want to make sure I can keep up
with the world as it changes, this
was the inspiration behind my
career switch.

**My goal is to work
in a creative
environment where
I can gain real
experience in the
field.**

Tech Journey

- Full Stack Developer Bootcamp Aug 2022 - Oct 2022
(Codaisseur | Amsterdam)
> 10 weeks of Full Stack Developer Bootcamp where I learned new technologies and improve my knowledge with React, Redux, Node.JS, Express, Axios, PostgresSql, Tailwind.
> **Worked in teams** and created a new portfolio.
- Coordinator of the Communications department Sep 2021 - Aug 2022
(Stichting Nuestra Casa | Rotterdam)
> **Created the new website** in Wordpress from scratch, which achieved a reach of more than 5k monthly visits.
> Updated the design of social media to reach more target audiences, growing Instagram more than 100% and Facebook 10% in one year.
- React (CoderHouse | Buenos Aires) Aug 2020 - Oct 2020
> **Graduated with 100% pass rate**, from intensive React developer.
> Created an application for an ecommerce with a shopping cart, form with auth and Cloud Firestore database which helps people to find amazing products for the house.

- Career Front-End (Crehana - Buenos Aires) Apr 2020 - Aug 2020
> Created several applications in HTML, CSS, Javascript, Typescript, Bootstrap and Sass for practice my **new knowledge**.
> Learned how to manage my time for studying at home.

Previous Journey

- Shop assistant (Hema - Utrecht) Sep 2021 -Aug 2022
> Reorganised the products in the panty section in the warehouse which improved the article search and the sales.
> Served customers in **3 different languages**, which improved the perception of the foreign customer in the customer experience.
- Owner and administrator Nov 2013- Jul 2018
(Wonderland Playground - Buenos Aires)
> **Implemented marketing techniques** to grow from 10 events per month to more than 35 the next year.
> Restructured and mentored the staff that went from 2 employees to 8, three of them are still working there today.
- Collection Department (ILVA S.A. - Buenos Aires) Nov 2005- Aug 2013
> Implemented the digital order of invoices reducing the search time a 60%.
> Participated in the new administrative system's integration that improved data loading.
> **Mentored for new colleagues** who shortened the insertion time.
