

Hi! I'm Ely,
Full Stack Developer.
I like breaking out my limits
and learning something new
every day.

I want to make sure I can keep up
with the world as it changes, this
was the inspiration behind my
career switch.

**My goal is to work
in a creative
environment where
I can gain real
experience in the
field.**

Tech Journey

August 2022 - October 2022

Full Stack Developer Bootcamp

Codaisseur - Amsterdam

10 weeks of Full Stack Developer Course where
I learned a lot of new technologies, improve my knowledge,
worked in teams and created a new portfolio.

September 2021 - August 2022

Coordinator of the Communications department

Stichting Nuestra Casa - Rotterdam

Created the new website / Coordinated the communication
of four teams inside the foundation

React

August 2020 - October 2020

CoderHouse - Buenos Aires

Graduated with 100% pass rate, from intensive React
developer. Created an application for an ecommerce with a
shopping cart, form with auth and Cloud Firestore database.

Career Front-End

April 2020 - August 2020

Crehana - Buenos Aires

Created several applications for practice my
new knowledge. Also I learned how to manage my time for
studying at home.

Previous Journey

Shop assistant

September 2021 -August 2022

Hema - Utrecht

While serving customers I started to **learn the dutch
language** and the culture.

Owner and administrator

November 2013- July 2018

Wonderland Playground - Buenos Aires

I learned to be **multitasking** and to **creatively solve
unexpected situations**. I was a people manager where I
prioritised teamwork and I managed to grow the business by
100% a year later.

Collection Department

November 2005- August 2013

ILVA S.A. - Buenos Aires

This job allowed me to **improve my organisation** and
analyse customer bases. Work with clients face to face and
learn new administrative computer technologies.

Previous Education
