Hello, my name is Ely and I am a full-stack developer.
I enjoy pushing beyond my limits and constantly learning something new.
My desire to stay current with the ever-changing world is what inspired me to make a career switch.

My goal is to work in a creative environment where I can gain real experience in the field.

Tech Journey

Full Stack Developer Bootcamp — Aug 2022 - Oct 2022
(Codaisseur | Amsterdam)
> Completed a 10-week Full Stack Developer Bootcamp, gaining expertise in technologies including React, Redux, Node.js, Express, Axios, PostgresSQL, and Tailwind.
> Collaborated in teams and created a new portfolio

Coordinator of the Communications department — Sep 2021 - Aug 2022
(Stichting Nuestra Casa | Rotterdam)
> Designed and developed a new website using Wordpress, resulting in over 5k monthly visits.
> Implemented new branding strategies, including color scheme updates, infographics and calls to action, resulting in a 100% increase in Instagram followers.

React (CoderHouse | Buenos Aires) — Aug 2020 - Oct 2020
> Achieved a 100% pass rate upon graduation from an intensive React developer program.
> Developed an e-commerce application featuring a shopping cart, authentication form, and Cloud Firestore database, assisting users in finding desirable home products.

Career Front-End (Crehana - Buenos Aires) — Apr 2020 - Aug 2020
> Developed various applications utilising HTML, CSS, Javascript, Typescript, Bootstrap, and Sass to enhance my skillset.
> Acquired time management skills for successful home-based studying.

Previous Journey

Shop assistant (Hema - Utrecht) — Sep 2021 - Aug 2022
> Reorganised products in warehouse, resulting in improved product searchability and increased sales
> Provided customer service in 3 languages, enhancing the foreign customer experience.

Owner and administrator — Nov 2013 - Jul 2018
(Wonderland Playground - Buenos Aires)
> Implemented successful marketing strategies, resulting in a growth from 10 events per month to over 35 the following year
> Led restructuring and mentorship of staff, resulting in an increase from 2 employees to 8, with 3 remaining with the company today.

Collection Department (ILVA S.A. - Buenos Aires) — Nov 2005 - Aug 2013
> Implemented a digital invoice ordering system, resulting in a 60% reduction in search time.
> Participated in the integration of a new administrative system, resulting in improved data loading efficiency.
> Provided mentorship to new colleagues, resulting in a reduction of insertion time.
